- Writing the business logic.
- Developed and managed RESTful web services to expose certain functionalities.
- Implemented Controller layer using Spring and Rest.
- Implemented Service layer using Spring framework.
- Used Spring Framework for Dependency Injection.
- Implemented Persistence layer using Hibernate.
- Configured Hibernate with Spring.
- Implemented backend validation using spring boot.
- Worked on spring-security to secure the functionality.
- Handling transaction management and session using spring framework.

- Used collections and multithreading concept for more reliable application with JDBC for access of data from database.
- Create SQL Queries to get data from database tables.
- Bug Fixes and performance improvements.
- Revised and modularized and update old code base to modern development standard, reducing operating costs.
- Did testing with Junit and Mockito for application functionality testing purpose.
- Code review and unit testing.

SOFTWEAR ENGINEER

3AG Network Solution Pvt Ltd [12/02/2018 - 21/07/2021]

City: Bangalore | **Country:** India

PROJECT : ECOMMERCE DOMAIN

TECHNOLOGIES:

Java EE, Spring boot, Hibernate, Spring Data JPA, Spring-security, Spring MVC, MySQL, JSON & XML, Restful API, Microservices, Mockito, JUnit 5, Jira, Git, GitHub, Tomcat Debugging, Maven build tool, Swagger, eclipse, Postman.

RESPONSIBILITIES:

- Involved in Analysis Design of the Reference Data Management.
- Writing the business logic.
- Implemented Controller layer using Spring and Rest.
- Implemented Service layer using Spring framework.
- Used Spring Framework for Dependency Injection.
- Implemented Persistence layer using Hibernate.
- Developed JUnit test cases.
- Used RESTful web services to expose certain functionalities of the application using spring boot.
- Configured hibernate with spring and spring boot.

EDUCATION AND TRAINING

Bachelor in technology (Mechanical)

Truba college of Science & Technology(Bhopal) . [05/06/2013 - 06/05/2017]

Address: Karond Bypass Rd, Gandhi Nagar, 462038 Bhopal (India) | **Website:** https://www.trubainstitute.ac.in/truba-college-of-science-technology/

Higher Secondary School Certificate

Rose public School Darbhanga [04/04/2011 - 06/05/2013]

Address: Laheriasaria, Darbhanga, 846001 DARBHANGA (India)

Matriculation

Rose public School Darbhanga [04/04/2010 - 06/05/2011]

Address: Laheriasaria, Darbhanga, 846001 DARBHGANA (India)

LANGUAGE SKILLS

Mother tongue(s): maithili

Other language(s): English, Hindi

PROJECTS

Patient Care Solution(Healthcare Domain) PCS is transforming and humanizing care through innovation solution that enable better health. It is a application which analyze the data of patient and shows in the UI

Patient Portal Healthcare System A patient portal is a secure online website that gives patients convenient, 24-hour access to personal health information from anywhere with an Internet connection

Survey tools and Ecommerce Website An ecommerce app allows users to shop online, browse product catalogs, create wish lists, add items to a cart, and complete purchases. It also provides payment processing, shipping, and order management capabilities.
